A COURSE IN REAL ANALYSIS (MIXED MEDIA PRODUCT)

Apple Academic Press Inc., Canada, 2015. Mixed media product. Condition: New. Language: English. Brand new Book. A Course in Real Analysis provides a rigorous treatment of the foundations of differential and integral calculus at the advanced undergraduate level. The book's material has been extensively classroom tested in the author's two-semester undergraduate course on real analysis at The George Washington University. The first part of the text presents the calculus of functions of one variable. This part covers traditional topics, such as...

Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

-- **Pasquale Larkin I**

This written book is excellent. It generally is not going to expense a lot of. Its been developed in an extremely straightforward way which is merely right after i finished reading through this pdf where in fact altered me, modify the way i really believe.
